We offer overseas travel information by appointment only. (We do not offer information over the phone.) There is a \$50 office fee for this service. For clients traveling to the same destination within a 12 month period the office fee is \$25. **If possible, make an appointment 4-6 weeks before you travel to allow time for the immunizations to take effect.** If it is less than 4 weeks you should still see us. It may not be too late to get your shots as well as other important information about how to protect yourself while traveling.
